## Key Points

## Key Points

---

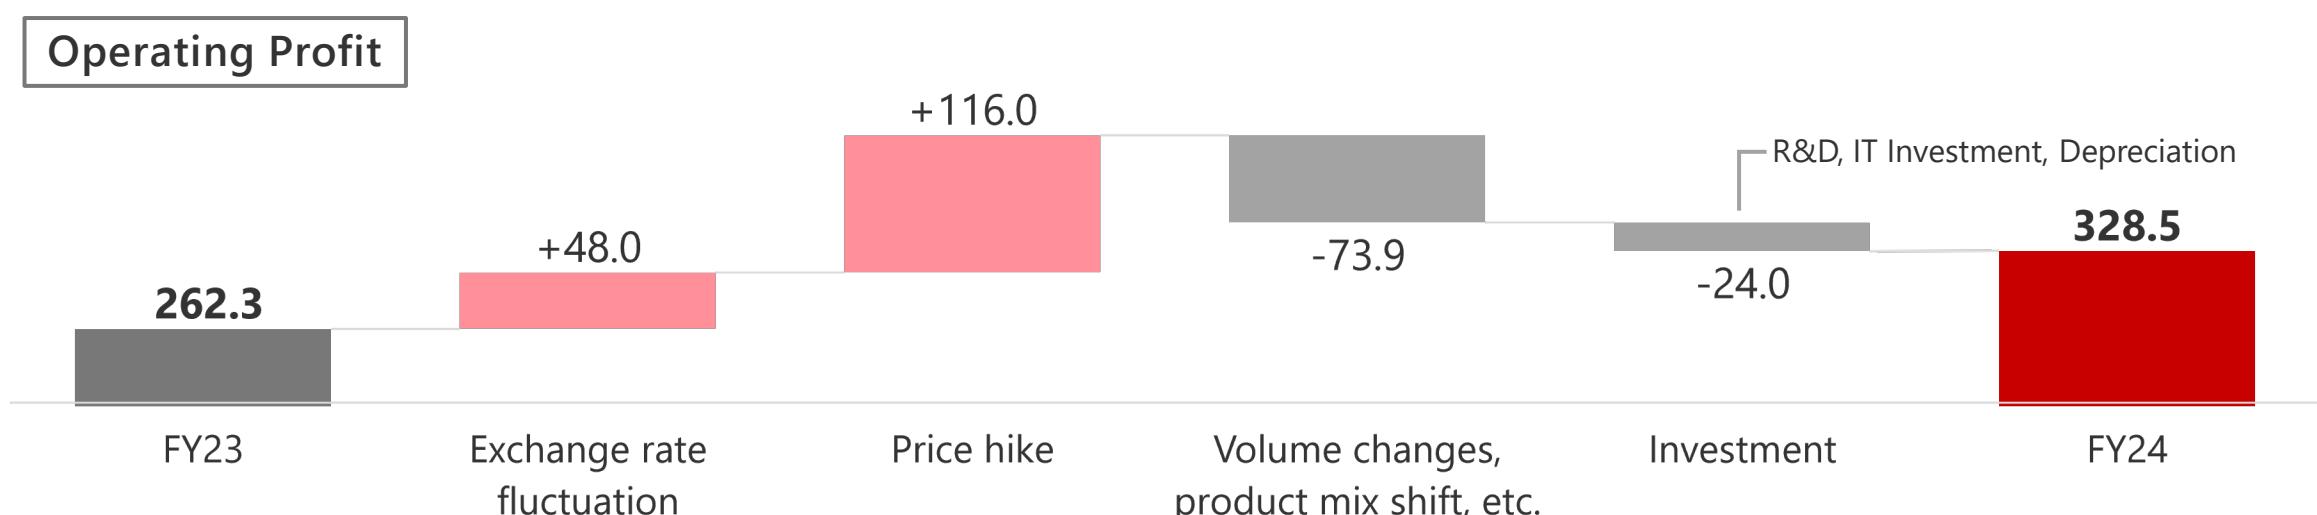

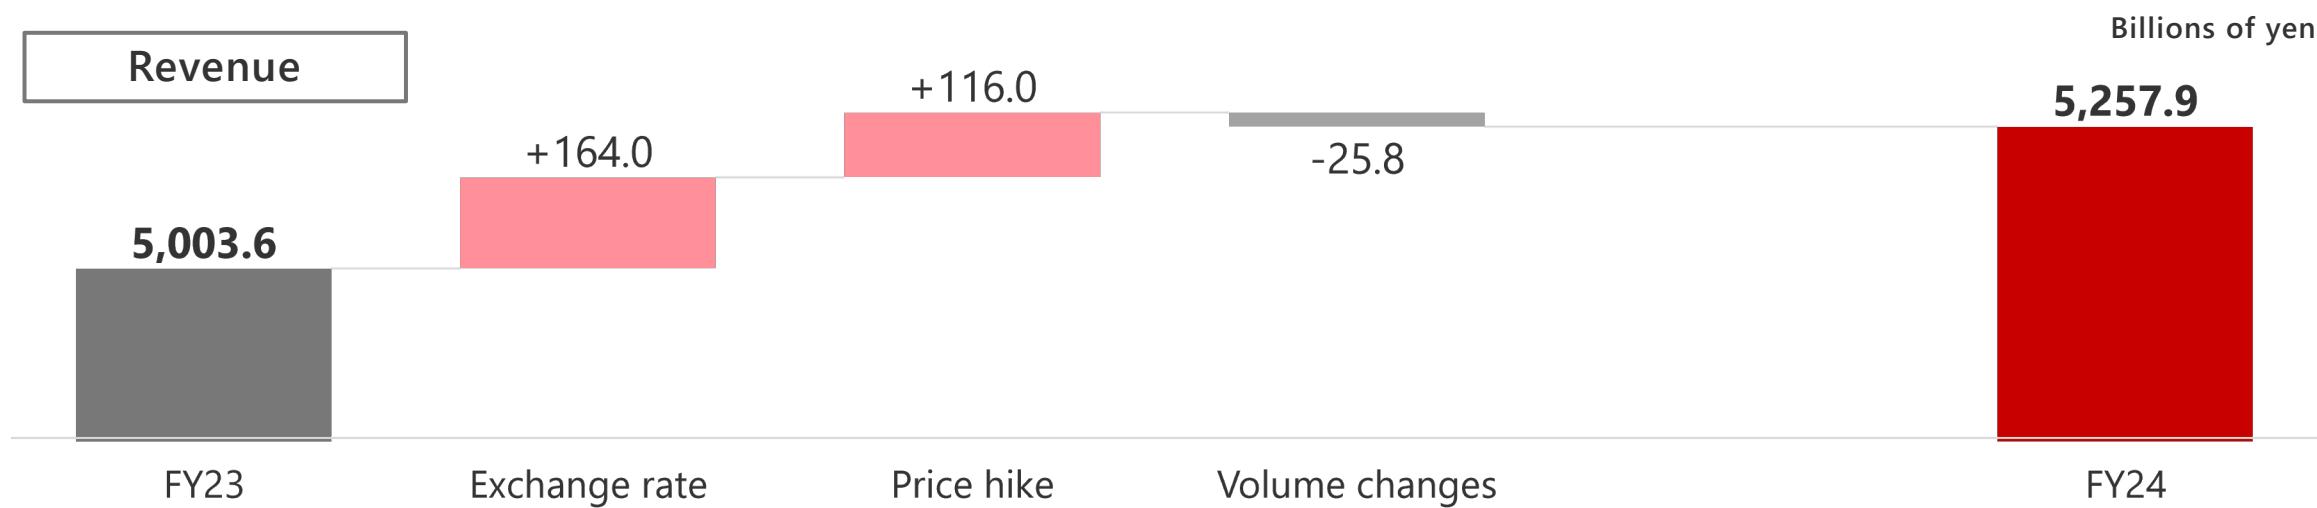

- **FY24: Revenue ¥5,257.9 bn (+¥254.2 bn YoY), Operating Profit ¥328.5 bn (+¥66.1 bn YoY)**
  - Revenue and operating profit achieved new record highs due to the significant improvement of the automotive equipment business despite the impact of market fluctuation in the factory automation systems business.
  - Operating profit in all business segments turned into profit as a result of carrying out efforts for ensuring performance, including realizing the benefit of price hike.
- **FY24: Free cash flow ¥321.3 bn (+¥303.1 bn YoY)**
  - In addition to the improvement in cash flows from operating activities, efforts for asset efficiency, including the sale of cross-shareholdings, were implemented.
  - The proceeds from sale of investment securities and others were ¥181.6 bn.
- **FY25 forecast: Revenue ¥5,300.0 bn (+¥42.0 bn YoY), Operating Profit ¥400.0 bn (+¥71.4 bn YoY)**
  - Revenue and profit are expected to increase (YoY) due primarily to improved profitability in the factory automation systems and air conditioning systems & home products businesses in addition to increased demand, particularly in the infrastructure segment. Revenue and operating profit are expected to achieve new record highs. Promote business portfolio strategy and initiatives for improving management structure, and steadily implement growth investment and shareholder returns through profit growth.
  - Mitsubishi Electric Mobility commenced operations in April 2024. Continuously promote structural reform to enhance profitability of the automotive equipment business.
